

Supplementary Figure 9

Supplementary Figure 9 from [Bachmann et al.](#) was reproduced using [tellurium](#) vers. 2.2.0 in the Jupyter notebook interface [CoLab](#) using the script [SEDML_SuppFig9_v3.ipynb](#). The plots shown here were generated using the files [SuppFig9.sedml](#) and [Bachmann2011.xml](#) as input, illustrating the time course of the indicated molecules (simulation time 250 min). This figure is saved in the results folder of the COMBINE archive, the most recent version is available [here](#) and on [GitHub](#).
