Figure 3

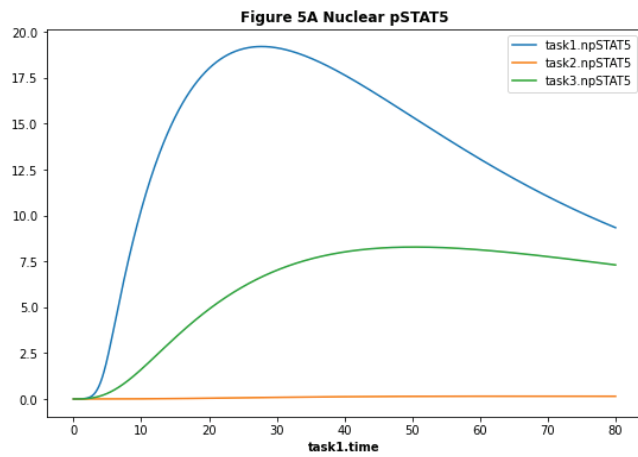

Figure 3. Results of simulation to reproduce Figure 5A in tellurium

Figure 5A from Bachmann et al. was reproduced using tellurium vers. 2.2.0 in the Jupyter notebook interface CoLab. The results are shown in 1 time course plot (simulation time 80 min). The Biomodel of the Bachmann_Archive was used as model. The Jupyter notebook is part of the /experiment-folder in the Bachmann_Archive and can be found here on gitHub SEDML_Fig5_v1.ipynb.
